Mayor Facio's Message March 31, 2020 Update

Dear Residents:

On behalf of Council, I want to thank you all for your efforts to flatten the curve. It is a trying and difficult time for all of us, but we will make progress as we diligently follow the advice of Dr. Bonnie Henry, Provincial Health Officer, to maintain physical distancing, stay at home when not feeling well, wash our hands, stay in touch with family and friends, and be kind to one another.

The next two weeks are crucial, according to Dr. Henry. We must all stay the course to beat this disease. The Village's message to visitors to stay home is working. With authority to empower Bylaw Enforcement Officers now in place, we will have our Bylaw Enforcement Officer on patrol in the coming days to enforce this message. Everything we do now, we are doing so that we can bring our community back to full swing for businesses and visitors. We are looking forward to welcoming back all those who want to enjoy our beautiful surroundings.

If you are looking for assistance with support, groceries, or just someone to talk to, particularly if you are a senior, I encourage you to call 2-1-1. If you are able to volunteer, call 2-1-1.

Thank you to all the healthcare workers, RCMP and First Responders. We could not get through this without you.

To our Village Staff and Crew, thank you.

Stay safe everyone, we will overcome this!
