Whereas the federal government's Build Canada Grant Funding Program generally shares the costs of all approved infrastructure projects equally between the Province and local jurisdictions on a one-third cost share;

And whereas for nationally and provincially significant projects, where projects provide a greater national and provincial benefit, and where communities are disproportionately and directly impacted by such projects, the burden of one-third of the cost is inequitable and too high for the local jurisdiction:

Therefore be it resolved that the federal government provide funding for major infrastructure projects at a minimum of 50% of the project cost;

And be it further resolved that the provincial government provide funding for major infrastructure projects at a minimum of 40% of the project cost.

Convention Decision: Endorsed

Provincial Response

Ministry of Transportation and Infrastructure

With federal-provincial programs, such as the New Building Canada Fund, cost sharing parameters are established by the federal government.

During previous federal cost share programs, federal cost sharing criteria was generally split three equal ways between the province, federal and local governments.

As the Resolutions Committee points out, the new Federal Infrastructure Phase 1 programs provide for 50% federal cost sharing, with the other 50% being shared between the province and local government. Under the Public Transit Infrastructure Fund, the province retained their 33% share resulting in the local community share falling to 17%. This significant reduction in local contribution requirements allows the local communities the opportunity to accelerate the implementation of additional infrastructure projects that would not have been possible before.

With respect to the Building Canada Plan, approximately \$1.090 billion was allocated to BC under the \$10 billion Provincial-Territorial Infrastructure Component of the New Building Canada Fund. As per the program criteria established by the federal government, \$109 million (10%) is dedicated to local government infrastructure under the Small Communities Fund, with matching provincial funds, for communities with a population less than 100,000 and \$981 million (90%) is available for National and Regional Projects (NRP).

NRP is intended to support projects of national and regional significance under targeted eligible categories and BC's focus is on investments, which could include local government initiatives that facilitate job creation and economic growth. It should be noted that provincial projects, such as the Evergreen Line and highway improvement projects, provide significant benefits to local government with many projects not requiring any local community funding contributions.

As part of the Building Canada Plan, the Province also signed a renewed Gas Tax Agreement in May 2014, which will see \$2.7 billion flow to local governments over the next 10 years. That is almost 3 times greater than the entire New Building Canada Fund allocation to BC and is entirely dedicated to local community infrastructure. Under this agreement there is no requirement for matching funding, for either the direct allocation Community Works Fund or the pooled Strategic Priorities Fund.

Dear Mayor and Council Members,

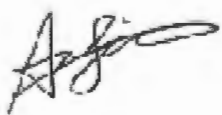

My name is Anna Simms, I recently move to Harrison Hot Springs. I am very interested in the community gardens program and I inquired in the village office about joining the program. When I called Jean Hicks to ask about joining the program. Ms. Hicks informed me that there are currently 11 people already on the waiting list, and only 1 turnover in the last year and that the wait time would be years.

I think this clearly shows there is a strong community interest in the program and it should be expanded. I am requesting that the area for the program be expanded so that more people who want to participate are able to.

Please advise as to what can be done or needs to be done by those on the waiting list and the Mayor and Council to facilitate the expansion of the program?

Email correspondence is preferred.

Thank you,

Anna Simms

Due to the ongoing concerns with respect to the habituation of the geese population and to alleviate further attractants for geese, staff is recommending that language be included in the Park Regulation Bylaw No. 915 to include definitions for "Migratory Bird" and "Nest" and regulatory provisions for the feeding, harassment, killing, capture, injuring, taking or disturbing of a migratory bird or damaging, destroy, removal or disturbance of a nest of a migratory bird.

Dogs

One of the other challenges the Village is facing is that when the Fraser Valley Regional District assumed conduct of Animal Control Services, the Village repealed its Animal Control Bylaw. Accordingly, the Village does not have authority to enforce the District's bylaw. Under the FVRD's Bylaw, all dogs must be on leash at all times within the Village, however, there is no restriction to prohibit dogs from being on the sandy beach at the lagoon or in the lagoon itself. Conflicts can arise when dogs frequent the beach where children are swimming or where people are picnicking. Our Bylaw Enforcement Officer has reported that the beach and designated swimming area at Rendall Park and the sandy beach and lagoon is a common area of conflict between dogs, beach goers and picnickers. As the designated walkway area around the lagoon is a popular area for dog walking, it is recommended that provisions be included in the bylaw to prohibit dogs from the beaches, lagoon area and Rendall Park swim area. Dogs would be permitted on the designated walkway or outside of the sand beach and swimming area of Rendall Park.

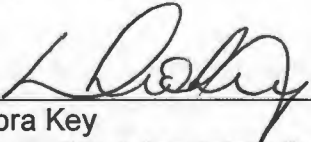

The Bylaw Notice Enforcement Bylaw will also require amendments to incorporate the provision for enforcement purposes, including penalties for any infractions.

Accordingly, the Park Regulation Amendment Bylaw No. 1106, 2017 is attached for Council's consideration.

RECOMMENDATION:

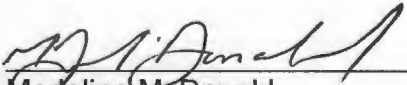

THAT Park Regulation Amendment Bylaw No. 1106, 2017 be given first, second and third reading.

Respectfully submitted:
