## Are 'Snow Angels' coming to our communities this winter?

- A Snow Angels Program unites volunteers with seniors and others in our community who are unable to clear snow due to physical disabilities and restrictions; and are unable to obtain assistance from professional snow removal companies, members of their household, friends or neighbours.
- The snow removal service is provided by volunteers who generously give their time to help these neighbours clear their driveway and property sidewalks.
- Agassiz-Harrison Community Services, the District of Kent, and the Village of Harrison Hot Springs is collaborating on this community project.
- Anyone 16 years of age or older, in adequate physical shape, who are reliable and capable of clearing snow and have their own snow removal equipment can become a registered Snow Angel.
- A clear sidewalk can help ensure safe access so that these individuals can access medical appointments and receive care and needed supplies.
- To determine the need of this type of Program in our communities, we are asking residents to complete a six-question survey that will be available on-line at:  
<https://surveymonkey.com/r/ZKWDP72>
- Paper copies of the survey are also available to be filled out (and left at) the following locations: Reception areas at the District of Kent Offices and the Village of Harrison Hot Springs; Agassiz-Harrison Community Services on Cheam; Shoppers Drug Mart on Pioneer; Red Apple store; the Agassiz Public Library; and other locations throughout Agassiz and Harrison Hot Springs.
- Surveys will be gathered up by September 14th.
- Based on the survey results, the community will be advised if the Program will go ahead this winter and the process that would be followed to register to be a Volunteer Snow Angel or to have your snow cleared.

Here's the quote I will recommend Nina uses:

"Snow Angels unite communities and help bring out the best in people ... we all feel so much warmer inside when we can lend a helping hand, or in this case a shovel."
