6. ITEMS FOR DISCUSSION

(a) Garden of the Week Schedule

The Committee discussed logistics for Garden of the Week and agreed to submit information on each winner to the Village by Thursday evening so that the winners could be posted on Facebook for "Flower Friday". The Corporate Officer advised that the t-shirts are ready for pick-up in Chilliwack and it is expected that the Miracle-Gro products should arrive shortly, as staff just followed up earlier this week. The Committee discussed looking at small gardens, condos and businesses. There was discussion surrounding challenging local businesses to create something edible for the Judges' Welcome Event.

(b) Garden Tour

The Committee determined that Saturday, July 5 would work for a Garden Tour day. The Committee discussed the following:

- Vegetable gardens can enter
- The Tour would start in the morning and run into the afternoon
- Participants could allow people to stop by anytime during the set timeframe and tour their front and back yards
- The Committee members will reach out to people they know to see if they'd be interested in signing up
- Asking those on the tour not to bring dogs

Staff will take these details and start putting out information on the Garden Tour Day to garner interest.

(c) Community Planting Day at Lagoon Garden Bed

The Corporate Officer advised that everything is moving ahead for the Community Planting Day at the Lagoon Garden Bed. The Village's horticulturist is ordering the plants and staff will advertise it more frequently as the date nears. It has been posted on the website, notice boards, Communities in Bloom Committee Facebook page and Electronic Message Board.

(d) Canada Day Parade Float

The Committee discussed wearing straw hats decorated with flowers, and their Communities in Bloom t-shirts. Staff will order a banner that can be held up during the parade and re-purposed for other events. Councillor Jackson advised that Walnut Avenue is the muster point starting at 4pm and the parade starts at 5pm. The Committee discussed handing out candy or seeds.

(e) Judges' Visit – July 8/9, 2025

The Corporate Officer passed around a draft tour map for the Committee's consideration and requested Committee feedback on the top three gardens to visit. The Committee discussed the Village Entrance and the new Lagoon Garden Bed.

The Committee reviewed the 2014 tour schedule from the Judges' Visit. It ran from the morning into the early afternoon. Staff will contact the judges to determine whether they would like to have dinner at Woods Park or just light snacks. The Corporate Officer advised that BC CIB has sent a form that needs to be filled out by May 30, 2025 and is seeking Committee feedback on the best gardens to visit in the Village. The Committee discussed the Village Entrance and the beachfront area.

Staff will use the draft map to create a draft itinerary for the judges' visit.

(f) Next Meeting Date: Thursday, June 19 at 10:00 a.m.

7. **ADJOURNMENT**

Moved by Janice Moffat
Seconded by Susan Galvao

THAT the meeting be adjourned at 11:24 a.m.

BEST PLACES TO VISIT

DISTRICT OF HOPE

Hope is a town of almost 7000 people nestled at the edge of the Coast and Cascade mountains. We are a natural gateway to the beauty of British Columbia. This area at the confluence of the Coquihalla and Fraser Rivers has been home to the Sto:lo for over 9000 years. European settlers arrived in 1808. The Hudson Bay Company established Fort Hope in the “hope” of finding a new route to the Interior. Today Hope is a vibrant and growing community, known for the volunteers who strive to make Hope a great place to live.

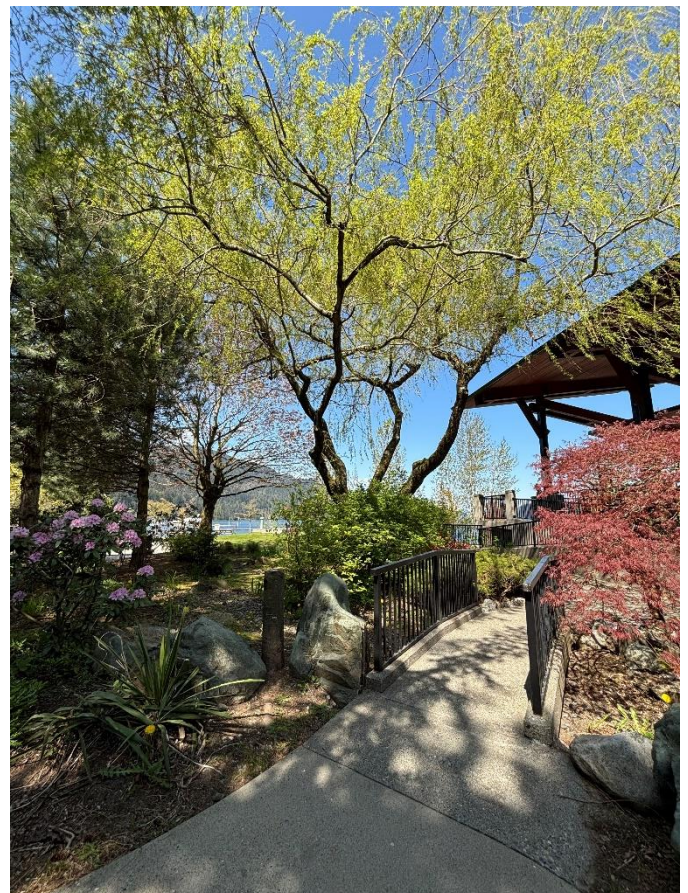

The Friendship Garden in downtown Memorial Park is a wonderful garden to visit. First created in 1991 by Japanese Canadians who had been interned during World War II at Tashme, 20 kilometres away, it has the Japanese structure and influence that makes it a peaceful place to visit.

VILLAGE OF HARRISON HOT SPRINGS

The Village of Harrison Hot Springs is a resort municipality of approximately 1,900 residents located on the south shore of the beautiful, glacier fed Harrison Lake in the eastern reaches of the Fraser Valley, about 140km from Vancouver. The Village is located on the traditional territory of Sts'ailes. It is rich in natural beauty, with spectacular mountain views, lush forests and the meandering Miami River which flows through the community. It is a popular tourist destination, known for sandy beaches, natural hot springs, hiking, bird watching, fishing, boating, paddling and wind surfing.

The beachfront park along Esplanade Avenue and around the lagoon at the lakefront is the most popular spot in the Village. With breathtaking mountain and lake views, a charming row of shops and restaurants just steps away, and beautiful floral displays and garden beds, it is easy to see why. This park connects to the civic plaza, which boasts several mature gardens along its perimeter. Trees are plentiful in this area, including recently planted poplars, dogwoods, weeping willows and white pines. Whether you are looking to picnic with friends, have a moment of quiet reflection at one of the many benches and viewpoints, or get your steps in, there is something for everyone at the beachfront park.

CITY OF KELOWNA

Kelowna is a City of the Future, rapidly evolving and becoming a more urban and dynamic region. The city is the sixth largest in British Columbia, Canada, and has one of the fastest growing metropolitan areas in the country. Situated in the heart of the Okanagan Valley on the traditional, ancestral, unceded territory of the syilx/Okanagan people, Kelowna is surrounded by mountains, lakes and vineyards where residents embrace outdoor adventure and an active lifestyle all year long. The city is also an economic powerhouse, home to robust traditional sectors like agriculture and construction, and burgeoning new sectors such as information technology.

Kasugai Gardens - The garden was completed in 1987 to demonstrate the friendship and union between Kelowna and its sister city in Kasugai, Japan. The park features traditional elements notable in Japanese gardens, such as stone lanterns, pine trees, waterfalls and a pond stocked with Koi. It is a beautiful integration of stone, pathways, plants and water. Kasugai Gardens is open daily from 9 a.m. to 5 p.m. Throughout the summer months the gardens will be open until 8 p.m. The park closes in the winter months starting in later October.

CHASE – PLANT SALE

Chase Communities in Bloom set up a table and raised over \$400 selling plants at \$2 each! The plant sale was on May 10th.

Anyone was welcome to set up a plant table and sell seedlings.

LOOKING GOOD!

Peachland

British Columbia
Communities in Bloom

District of Peachland –

Beach Avenue corner of Heritage Park

Originally this area was going to be washrooms, but when the building was placed, I believe there was no room to make it wheelchair accessible. The building was taken away and the corner sat empty for a few years, I think.

This year it was developed. It's very appealing with rocks, an elevated planting area with annuals and a flowerbed that has Echinacea planted. It's a beautiful addition to Heritage Park.
