6. ADJOURNMENT

Amanda Graham
Corporate Officer

AMENDED

-  **Current Barbeque Zones**
-  **Proposed Additional Barbeque Zone for 3 additional pedestals**

Current Pedestal Count:
Lagoon Beachfront - 14
Rendall Park - 14
Spring Park - 1

Park Regulation Bylaw No. 1150, 2020 Definitions:

“Barbeque” means an apparatus designed to cook food using propane, butane or natural gas of a size not to exceed the barbeque pedestal;

“Barbeque Tank” means a canister cylinder that contains propane, butane or other gaseous fuel with a liquid capacity of 10 lbs or less;

“Barbeque Pedestal” means the stand installed and designed by the Village to hold a barbeque in place for the purpose of cooking food;

Park Regulation Bylaw No. 1150, 2020, section 10:

“No person shall kindle, build, light, maintain any fire, barbeque, hibachi or any other form of cooking apparatus that uses wood, charcoal, briquettes or any other form of natural burning product, at any time on any beach or park; except where;

- a. a barbeque designed to cook food that uses propane, butane or natural gas with a cylinder liquid capacity of 10 lbs or less is being used; and
- b. is of a size not exceeding a barbeque pedestal; and
- c. is located in the designated pedestal area marked in red on the attached map as Schedule “B” attached hereto and forming part of this bylaw”

Enforcement Challenges:

- Obtaining identification in order to issue a ticket (people may refuse to provide it)
- Time spent redirecting people and explaining the barbecue zones
- Barbecues on self-contained pedestals (as pictured) setting up outside of BBQ zone
- Issuing tickets for barbecuing results in a negative visitor experience and does not always achieve compliance
- Zones not functioning as intended due to enforcement issues and high demand

AMENDED

Sunnyside Campground, Cultus Lake
